PRAISES FOR GROUNDBREAKING STORYTELLING

"Truly a man of the world gifted with a prose style that sings, sings, sings! I am reading with admiration and pride in my acquaintance with a writer who is as candid as he, as insightful and engaging."

—Sidney Offit, *NY Literary Lion & Authors Guild President*

"It is a splendid book that personalizes the pre and post Berlin wall and the post Nazi attitude towards gays in Germany. By all means read this book – it is an eye-opening experience about Cold War Berlin before and after German Reunification. AND it is an excellent novel!

—Grady Harp, *Amazon Top 100 Reviewer*

"A fascinating look at a time, place and lifestyle that you don't have to be gay to appreciate. I especially enjoyed Levy's quirky writing style, which frequently omits determiners, pronouns and prepositions, which usually seem necessary, but here their absence creates a sense of light and open space for the narrative and its characters to move through. A bold, sensitive reminder of the importance of human connection. Sincerely recommended."

—J Brown, *NY-based Blogger*

"The book not only…answers many questions regarding the Division of Germany but it raises new suspicions, questions relationships, and entertains."

—Sarah-Jayne Windbridge-France, *GoodReads Contributor*

"Couldn't put this book down. Fascinating place and time. Unexpected ending. As a straight man I related to the emotions."

—Robert Klein, *Amazon Reader Comment*

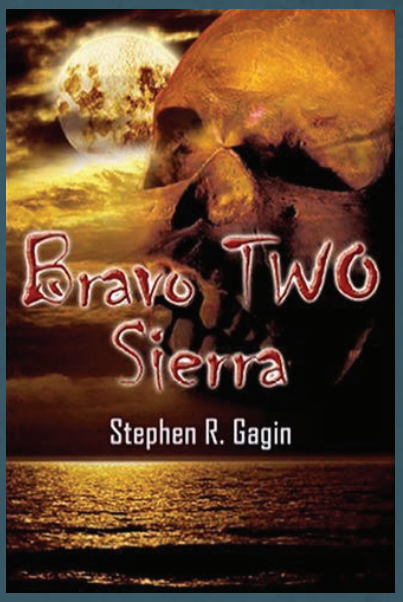
Bravo TWO Sierra

Stephen R. Gagin



Absolute revenge blinds a person and destroys everything. Author's first book in his action-packed series gives readers a heart-stopping read.

Who attacks a U.S. Naval vessel in the middle of a raging hurricane? A madman. Author Stephen R. Gagin introduces Santana J. Roja, the madman who leads his band of cutthroat, Satan-worshipping pirates in "Bravo TWO Sierra", the first instalment of his exciting series. Set in the lush rain forest of Honduras and the storm-revenged Caribbean Sea, this novel witnesses the rise of a son's hatred that consumed his revenge-filled heart, wreaking havoc and turmoil to the men responsible for his mother's death and exacting his vengeance on the man he blames for his station in life.

With the selling of Carmella Roja into a life of prostitution and drug abuse by her village priest, Santana Roja grows up a child of the alleys and whorehouses of Puerto Cortez. Shunned by the powerful Catholic Church for his illegitimacy, Santana swears faith to the arcane teachings of Satanism. Soon he is in control of the port city's vibrant black market. Tension is sustained through the individual sailing and port calls of the American salvage crew and Roja's gang of black marketers.

The final confrontation between father and son is as explosive as the hurricane that slams a Haitian gunrunner's ship aground in the Straits of Florida.

"Bravo Two Sierra" captures all the flavor of serving on a small command, mixed with such a realistic scenario, that readers are sure to anticipate the release of its sequel, "Code Alpha."

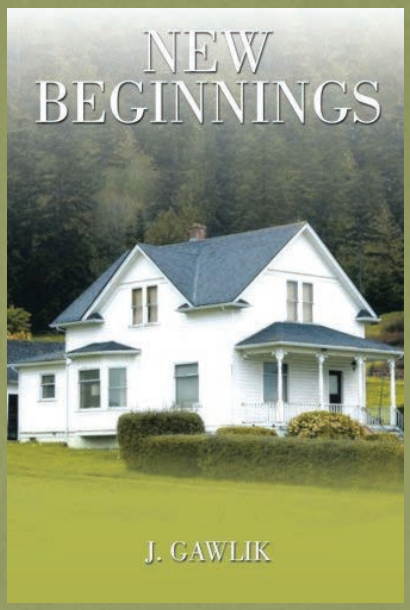
New Beginnings

J. Gawlik



Sometimes, life throws curve balls to keep people on their toes. There are those who see these curve balls as threats to avoid, while others see them as welcome surprises, challenges even, and opportunities. That's what author J. Gawlik weaves within the pages of "New Beginnings". In this novel, readers will accompany the protagonist, Emma, on her journey of self-discovery, as she realizes that she is young enough to start fresh and old enough to know which mistakes to avoid.

Emma thought that she was finally going to get to start living her life, not that she regretted the last twenty-three years. Her choice to raise her son on her own had been an easy one to make, but as any parent can tell, having a child means sacrifice.

Wrenching herself out of one bad relationship only to fall into another, romance had not been on her radar for quite a while. Suddenly, it seemed, she looked up and she was forty-something, the parent of an adult, self-sufficient young man away at university, and her life was all her own.

Being alone didn't have to mean being lonely, and she was fine with that. What she didn't count on was the way fate can throw a twist into the best laid plans in the form of dark strangers, dilapidated old houses, and deadly diseases. If she thought the first half of her life had been rough, her limits were about to be tested. She would also discover how true love can heal what may seem broken.

This book is available online and can be purchased at www.amazon.com and www.barnesandnoble.com.

About the Author

J. Gawlik put herself through school through scholarships, grants, and various jobs. She graduated with a Bachelor's Degree in Education and a Master's Degree in Professional Development in Education. She has been teaching for over 20 years at various levels, including elementary, middle school and high school. She has a son who is a cancer survivor and they both faced enormous challenges while fighting the disease. Her writing, in general, and this book in particular, have been her escape and therapy through the challenging calls of life. She is currently in the process of making this story into a trilogy.

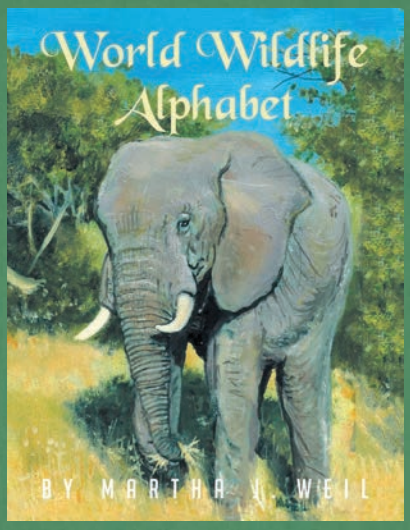
World Wildlife Alphabet

Martha J. Weil



Very few can illustrate well enough; fewer still who can really oil paint. In this beautifully illustrated alphabet book created by contemporary artist, Martha J. Weil, readers will be absorbed in a unique collection of 26 small oil paintings. The artwork is realistic, depicting a wide variety of animals and insects from every part of the globe in their natural habitats. “The World Wildlife Alphabet” shows images that capture the imaginations of both children and adults. It appeals to all age groups, making it an inspiring educational tool, as well as a family favorite.

What makes “The World Wildlife Alphabet” very interesting is its being a multi-level educational tool, which is appropriate to any age group who are interested in animals, the alphabet, and painting. The quality of the illustrations, with the oil medium used by the author, is a functional classic that serves this reading material uniquely and is the only one of its kind on the market.

“I thought of the idea when I was a child, but without the Internet, it wasn’t finished. 40 years later, I finally did finish the alphabet and only then found my original sketches in my childhood home. I was surprised to say the least. Also, relieved to know it’s an authentically original idea.” shares the author. This book is available online and can be purchased at www.amazon.com and www.barnesandnoble.com.

About the Author

Martha J. Weil is a Black American woman artist and writer, raised in East Lansing, MI. Her father, Dr. Robert L. Two American Fairy Tales

Christopher J. Lawless

First-time author Christopher J. Lawless brings the hope and simplicity of the classic fairy tale into the American South of the 1970s in his debut novel, Two American Fairy Tales. In this two tales of the “gallant knights” of the O’Shea family, readers will follow how these brothers save their fair maidens, and the brutes and villains get their just desserts. With brothers Pat and T.J. O’Shea, the author continues the age-old tradition of chivalry, perfectly at home in a couple of blue-collar Southern boys who love their “dear lasses” and treat them as queens.

These two novellas about family life in South Georgia were written to entertain readers, however sometimes, fairy tales can be dreams that do come true. Here, readers follow two different brothers who find love by changing their personal priorities and attitudes in order to provide for their fair ladies. Two separate stories about two brothers marrying for love; each one making his wife’s happiness his priority in life.

Patrick O’Shea married Cathy in order to go into the witness protection program with her. Together, they hid from the criminals who attacked Cathy in her college office. For six weeks, they find love for each other while the local district attorney prosecutes her attacker.

Tanner James O’Shea finds the love of his life, makes some serious adjustments in his single-life behaviour, and marries Mary Lou.

Presenting the O’Sheas as the American ideal family that can make it through any hardship, the Two American Fairy Tales affectionately recalls the author’s home of Southern Georgia, but the settings are universal. They are small-town U.S.A. in all its glory.

About the Author

Christopher J. Lawless is retired from factory work, after having driven a lift truck in a warehouse setting for the last 20 years. He has a Bachelor of Arts degree in Psychology, with a minor in literature. He lives in Southern Georgia with his wife, Jeanne, and their calico cat, Rosie. Two American Fairy Tales is his first publication.

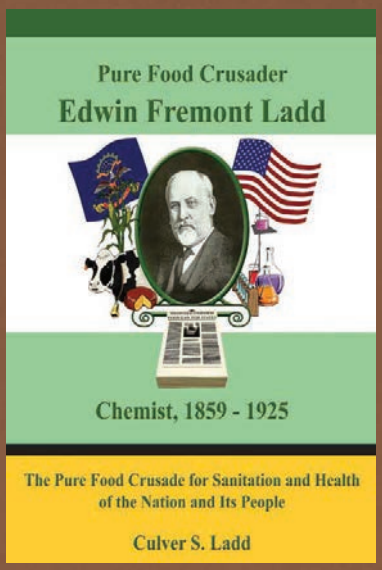
Pure Food Crusader Edwin Fremont Ladd, Chemist, 1859-1925: The Pure Food Crusade for Sanitation and Health of the Nation and Its People

Dr. Culver Ladd

Putting Back the Pure in Food
Author releases the vision and mission
of one man to achieve pure food for all



Being the grandson of the late chemist Edwin Fremont Ladd, author Dr. Culver Ladd hopes that with the re-publication of the book, "Pure Food Crusader Edwin Fremont Ladd, Chemist, 1859-1925: The Pure Food Crusade for Sanitation and Health of the Nation and Its People," it would reach a wider audience in this decade. Just like with his grandfather's crusade, the author brings forth this eye-opening and valuable read to provide awareness to everyone and help spread the need for a healthy nation. This book traces the role of a leading figure in the movement to protect and regulate America's food supply.

The quality and health problems that arose in the late nineteenth century have emerged once again with the threat of Mad Cow Disease and other contaminates, yet the laws enacted as a result of Chemist Ladd's work – if properly administered and, most importantly, enforced – could have prevented this. This historical work serves as a reminder that all aspects of the farming and food industry must be approached with human life as the first concern.

In this book, the author offers the readers insight to the far-reaching effects of one man's determined and conscientious work.

About the Author
Dr. Culver S. Ladd, grandson of Edwin Fremont Ladd, is a native of North Dakota. He is a retired educator and currently resides in Maryland. A graduate of the University of Maryland, he holds two masters degrees from The American University in public administration and political science, and he earned his doctoral degree in the field of international relations.

Dr. Ladd serves on the board of directors of Chesapeake Ranch Water Company and is a member of Omicron Delta Kappa, Pi Sigma Alpha, and the National Capital Area Political Science Association. His interests include gardening and flying.

"Adam Peirs is dragging us into his life as an expat in Hong Kong, with a very personal narrative style."

On 1st July 2017, Hong Kong will celebrate the twentieth anniversary of "the Handover" that marked the end of 150 years governance under the rule of the United Kingdom and transferred sovereignty to the People's Republic of China. As the anniversary nears, *Being Stripped Naked* provides a window into the city twenty years earlier, when it was preparing for the handover.

In 1995 Dave Mears arrives in Hong Kong, but he isn't sure what he's searching for in the bustling, vibrant city. He is greeted by sights and sounds that are a world apart from his hometown in the northeast of England. With the construction boom in full flow Dave is eager to take advantage of the opportunities presented to him as Hong Kong's economy continues to soar. But he soon learns that while Hong Kong may be full of the wealthy and soon-to-be-wealthy, life is cheap. The accidental death of one of his coworkers at the construction site leaves Dave reeling.

Luckily, he has his beautiful South African girlfriend, Heloise, to comfort him. With Heloise at his side, Dave travels take him from Macau to Australia, Vietnam to Thailand.
